MEMORANDUM FOR THE RECORD

At the Deputies' Meeting on 19 December the Director briefly discussed the completed report of the Joint Study Group and asked Mr. Kirkpatrick to ensure that those present received copies. He also suggested to Mr. Helms that he pass the DD/P copies, for review, to [redacted] and others in the Clandestine Services whom Mr. Helms thinks should read it. The Director remarked that he assumed there would be a meeting of the principals in the near future to consider the recommendations of this report, and stated that rather than receiving written comments from the appropriate Agency officers, he would prefer to obtain these comments at a round-table discussion.
